**Office Memorandum • UNITED STATES GOVERNMENT**

TO : Chief, Records Management Staff

DATE: 26 October 1956

FROM : Deputy Cable Secretary

SUBJECT: Magne-Dex Visible Cards and Container Trays

25X1A5a1

25X1A9a

1. On 25 October 1956, while visiting the [REDACTED] and Company, Inc. exhibit at the Presidential Arms as a guest of [REDACTED] of your staff, I saw the subject equipment demonstrated.

2. On the basis of a brief examination, I believe this equipment offers a great possibility of accomplishing a substantial savings in time and labor currently expended in searching Cable Secretariat card files.

3. It is requested that your office arrange to procure a demonstration tray and cards for closer examination and study by the Cable Secretariat.

4. The Cable Secretariat card index system is comprised of some thirty-eight 6 x 26" trays containing approximately 83,000 3" x 5" cards. The total amount of time and labor expended in card searching is unknown at present, but is known to constitute a constant portion of the total time required to process a cable.

5. I have shown the attached brochure to [REDACTED] 25X1A9a Chief, FI/RI, and he has expressed an interest in seeing the equipment at the time it is demonstrated for the Cable Secretariat. The brochure is returned to you for [REDACTED]
